HISTORY

THE CAROLINA BEARING & BELTING TRADITION

Established in 1936, Carolina Bearing & Belting Company began in Greenville, South Carolina as a textile and industrial belt shop, primarily servicing the Southern textile mills. Throughout the years, our product offering has expanded, along with our geographical presence. We are your first choice for world-class conveyor solutions, including conveyor belting, fabricated belting products, belting accessories and conveyor maintenance. We specialize in high-tech mechanical and electrical motion control products and offer in-house engineering support, complete machining capabilities, product repair services and custom tailored inventory solutions. Customers can depend on Carolina Bearing & Belting Company for high quality products, exceptional customer service, and a total commitment to THE SUCCESS OF THEIR BUSINESS.
